COURTLAND INTERCHANGE SINGLE-LANE CLOSURES SCHEDULED DUE TO ROUNDABOUT CONSTRUCTION

Scheduled lane closures to start next week

COURTLAND – Crews with the Virginia Department of Transportation (VDOT) have scheduled road work eastbound and westbound on Business Route 58 at the Courtland Interchange. Beginning Tuesday, June 7, 2016 crews will begin the installation of the first roundabout on Business Route 58. Traffic will be reduced to single-lane closures in each direction, including the Route 58 off-ramp entering Courtland. Motorists should expect the lane closures to remain in place for the next several months.

The Courtland Interchange Project has been underway since March 2016 and is scheduled for completion in December 2018. The project includes two new bridges, construction of three ramps which will connect Route 58 to the new roundabouts to complete the interchange and realign Route 742 to include installation of storm water facilities. All construction work is dependent upon weather conditions. Please drive with caution at all times through the work zone.

During construction entirety, there will be intermittent single lane closures on Routes 58, 58 Business, and 742. To learn more, please visit http://www.virginiadot.org/projects/hamptonroads/courtland_interchange.asp.

Motorists are encouraged to visit www.va511.org, call 511, listen to Highway Advisory Radio (HAR) 1680 AM or call the Traffic Information Line at 757-361-3016 for current traffic and travel information.
